

QUIZ DEVELOPER

Dilsiri Welikala is the managing director of the Kite-surfing Lanka surf camp in Kalpitiya, Sri Lanka and a sustainability expert. He has been working for sustainable tourism in Sri Lanka for many years. Anke Kuß and Lidia Perico work for the SBNE team in Berlin.

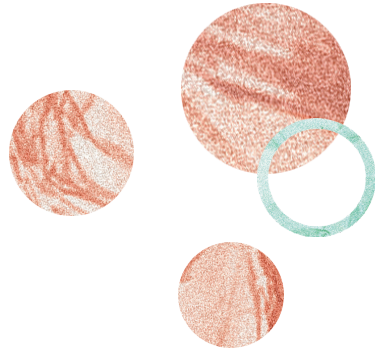

KAHOOT QUIZ

Let's do a quiz! What do you know about global plastic pollution? Where does this waste come from? How does it affect animal and plant diversity? Play in teams and create new games for other school classes from Berlin and Kalpitiya!

PLAY

To play, go to: www.kahoot.it !
Enter the game and the code that your teacher has given to you.

Analogue version: In the small No. 2 bag, you will find playing cards with the quiz questions. Form teams and answer the questions.
Afterwards, discuss the facts and information that particularly surprised you.

CREATE YOUR OWN KAHOOT QUIZ

Do research with questions you are interested in. Formulate questions and answers. Find matching photos and videos from the internet or take your own photos to match the questions.

With the help of your teacher, you can upload the questions, answers and photos and develop your own quiz. Now other school classes from Kalpitiya and Berlin will be able to do the quiz you have made too.
